Viruses have become a very big problem around the world. Because of this, handwashing with soap has become very important. Parents, teachers, and leaders are telling everyone to wash their hands many times a day. Many famous people have made songs and videos about handwashing.

5 Handwashing is important, but it is not easy for some people in the world. ▶▶ 22  
“Handwashing with soap is one of the cheapest and most effective things you can do,” said a director at UNICEF. “It can protect you and others against coronavirus and other diseases.” However, there are billions of people in the world who cannot do this.

10 UNICEF says that 25 percent of the world’s people, or 2 billion people, do not ▶▶ 23  
have a handwashing place with water and soap at home. Also, 42 percent of schools do not have a place for handwashing, and 9 percent of healthcare centers do not have handwashing places for patients. Many people in developing countries are getting sick because they cannot wash their hands.

15 So far, UNICEF has taught people in developing countries the importance of ▶▶ 24  
handwashing. But even now, developing countries still need help. Japan and other countries should give help so that all people around the world can wash their hands.
